POWER

Depend on getting the best obtainable value for whatever price you pay . . .

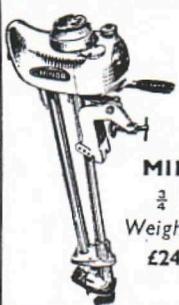

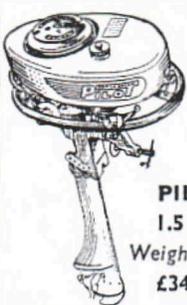

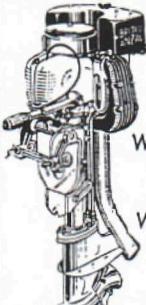

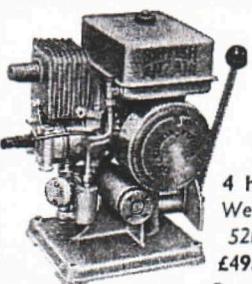

With
BRITISH ANZANI Super OUTBOARDS

Pick out the power for your craft from this purposeful range of no less than six spectacular British Anzani light-weight models.

Designed to cover every boat-propulsion need and headed by far and away the most powerful British outboards—the 15 h.p. and 10 h.p. Unitwins—every British Anzani engine is precision made to the highest specification from the finest materials.

Expect incomparable performance from a compact British Anzani—faster starting, quicker response, smoother, vibrationless silent running, more staying power, noticeably better economy.

British Anzani Engines are the first choice of outboard and inboard enthusiasts because more quality is built into a British Anzani, giving lasting value and dependable performance.

Keen edged performance

Keen edged performance is the quality that outboard enthusiasts look for . . . and it is just this that puts **BRITISH ANZANI** ahead in the world of outboards.

More than that . . . effortless starting, low fuel consumption, smooth running and simplicity of operation are consistent throughout the British Anzani range—from the 1½ h.p. 'Pilot' for canoes and rowboats, to the 15 h.p. 'Unitwin' for runabouts, etc., and of course the 'B' Class Competition Motors.

★ Petrol is now off the ration . . . but the ever-present need for fuel economy underlines the wisdom of choosing **BRITISH ANZANI**.
